Accidents

Ice skating like most sports can be dangerous. Swindon Ice Figure Club endeavour to minimise accidents and injuries by employing fully qualified professional coaches. However, we accept no responsibility for any accidents occurring during club sessions.

Injury / Warm Ups

At the start of every session the coaches will put all skaters through a warm up period, which is very important. If a member arrives more than 10 minutes late for their session and has not completed the warm up then the club accepts no responsibility for that skater during that session. They will be marked late on the register and skaters who are repeatedly late will have their membership reviewed.

We request that parents/guardians of skaters remain in the building, so that in the unlikely event of an accident/injury they can be easily contacted.
